View 10yrs Mo. Sales By Part

PROGRAM NAME: ANALLK1
MENU OPTION TITLE: View 10yrs Mo. Sales By Part #
MAIN MODULE: ORDERS SHIPPED REPORTS
HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program will give you, from the current date in the system, ten years of sales history for any inventory item ever sold through the IBS Sales/Distribution Order Processing Systems.

The report will show the quantity by calendar year, starting with the current year first and descending to the oldest year. Each line will show the year and the twelve monthly periods. Each month will show total monthly sales. The {Total} field is a running totals column. This is accurate daily.

PROGRAM OPERATION

PART # At the prompt, type in any valid Part Number and use <IFF>to find your Part Number record and press <ENTER>. When you press <ENTER>, your part will pull up and all sales orders history, pertaining to that part, will be displayed.

PRESS RETURN TO CONTINUE When you press <ENTER>, the screen will clear and you may type in another Part Number to view. Press <ESC> to exit the program.
