

Orders Shipped by Zip Code

PROGRAM NAME:ANALZIP

MENU OPTION TITLE: Orders Shipped by Zip Code

MAIN MODULE: ORDERS SHIPPED REPORTS

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This printed report has two parts. The first part shows, by all Zip Codes and States within the Customer data base, Gross Shipped Dollars for the date range you've selected. This is a comprehensive list of ALL Zip Codes in the system.

The second part of the report gives you a summary of just the Zip Codes with actual activity. This will omit any Zip Codes without sales activity.

One great aspect of this report is that it will give you the ability to search out the areas that lack any (or even limited) activity. This way you can target these wimps in an attempt to find new ways to increase sales.
