

View/Edit Customer Groups

PROGRAM NAME: CMASGRP

MENU OPTION TITLE: View/Edit Customer Groups

MAIN MODULE: CUSTOMER ACCOUNT FUNCTIONS

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program defines customer group codes and is referred to in each customer master file. It allows you to define a type of customer and use that definition to generate mailing lists per the group code as well as other reports. This is not a required field in the customer master file and can be utilized in a totally user-defined manner.

The customer group code can be globally changed using the program {CMCHGGPR}.

PROGRAM OPERATION

GROUP CODE: Type a valid code or use <IFF>. If you need to add a new GROUP CODE, simply leave the screen blank and type in the name of the new code you would like. You can hit <F3> to see the list of GROUP CODEs.

DESCRIPTION: Enter a description that goes along with the code.
