

CO-OP Reporting System

PROGRAM NAME: COOPLST1

MENU OPTION TITLE: CO-OP Reporting System

MAIN MODULE: CO-OP ADVERTISING SYSTEMS

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This report allows you to define a range of CO-OP users, and print a detailed report of all activities with subtotals by user and grand totals for the entire CO-OP user base. You can use this information to determine the effectiveness your CO-OP program.

PROGRAM OPERATION

ENTER STATE TO REPORT:

ENTER ZIP CODE TO REPORT:

ENTER REP CODE TO REPORT: Enter either state, zip code, or rep code. Do not enter data on each line.

ENTER CALCULATION DATE: Remember, the CO-OP system can be set up to include only customers with {YEAR TO DATE SHIPPED} greater than an amount you can store in the system setup file. However, once a customer achieves that minimum balance the {CO-OP ACCRUAL PERCENTAGE} calculates against the entire {YEAR TO DATE SHIPPED}.

PRINT <S>UMMARY OR <D>DETAIL:

REPORT SHOULD BE TOTALED BY:

1. STATE
2. ZIP CODE
3. REP CODE

ENTER CHOICE (1,2,3): You can now decide how you want this report to total.

ENTER PRINTER # TO USE: The printer output choices were set up in your printer setup file. You can use <IFF> to find the correct printer.
