

View/Edit Serial Number Info

PROGRAM NAME: FEDVIEW

MENU OPTION TITLE: View/Edit Serial Number Info

MAIN MODULE: SERIAL# MAINTENANCE

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program allows you to look at serial number history, by valid serial number book. You can look at data, and you can edit it.

PROGRAM OPERATION

WHICH TYPE OF SE# BK DO YOU WISH TO UPDATE? Using the arrow keys, move the cursor to the serial number book you want to view, then press <ENTER>. You will then be taken to a second screen, where you will be prompted to enter a prefix, a serial number, and finally a suffix. The program will attempt to find the exact entry or the closest entry. You can <PageUp>/<PageDown> in this screen to browse through the serial number entries. This screen displays the serial number, the in date, who you received the serial number from, the out date, and the name of the ship to information.

Once you have selected an entry in the second screen and pressed the <ENTER> key, a third screen will bring up the details of the serial number entry.
