

Print Sales/Prod Comparison

PROGRAM NAME: FOLIST

MENU OPTION TITLE: Print Sales/Prod Comparison

MAIN MODULE: MRP PLANNING FUNCTION

HELP KEY ACTIVE: No

PROGRAM OVERVIEW

This report prints, by part number, a monthly comparison of the Master Sales Forecast to the Master Production Forecast. You can use this to make a direct comparison between the two. The detail of the Master Sales forecast entries is displayed along with the summary of the quantities entered into the Master Production Schedule. Only quantities are displayed, with a summary at the bottom of each part containing the twelve month total of sales, production, and the difference.

PROGRAM OPERATION Choose the option from the menu and you are prompted:
