

## **Back Order Release Report**

**PROGRAM NAME:** INBCKREL

**MENU OPTION TITLE:** Back Orders Ready for Shipment

**MAIN MODULE:** BACKORDER RETRIEVAL

**HELP KEY ACTIVE:** NOF

### **PROGRAM OVERVIEW**

This program generates a report of backorders ready to released and shipped, based on inventory that is now available to ship. The report lists the actual customer order information, including an indicator for expired license, past due, or over credit limit conditions. The customer orders are listed by oldest order first.

### **PROGRAM OPERATION**

**ENTER BEGINNING PART #:** Enter the part number that you want to start generating the report from.

**ENTER ENDING PART #:** Enter the part number that you want to end the generating the report to.

You can choose to output to print or to screen.
