Change Selling Price of Parts

PROGRAM NAME: INCHGPRC
MENU OPTION TITLE: Change Selling Price of Parts
MAIN MODULE: PARTS MAINTENANCE
HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program is designed to allow quick changes of wholesale, dealer and retail prices of parts.

PROGRAM OPERATION

PART NUMBER: Enter the part number in this field that you need to change. This field is indexed, so you can use <IFF> to search for a valid part number. After entering a part number the software will preload the wholesale, dealer and retail prices below.

WHOLESALE PRICE: Enter the new wholesale price of the part in this field and press <ENTER>.

DEALER PRICE: Enter the New Dealer price of the part in this field and press <ENTER>.

RETAIL PRICE: Enter the new retail price of the part in this field and press <ENTER>.

Press RETURN to continue: Press <ENTER> the new prices will be store in parts.dat and the screen will clear, ready for another part or exit the program. Note the cursor will be in the **PART NUMBER:** field.

Press <ESC> to exit the program.
