

Log Of Inventory Entries

PROGRAM NAME: INLOGPNT

MENU OPTION TITLE: Log Of Inventory Entries

MAIN MODULE: PARTS MAINTENANCE

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This is one of the many powerful reports NBS has built into this software. You will select a specific date range to help sort by a time frame. This is a great way to confirm the date a part supposedly was entered into inventory. There are many uses for this report.

PROGRAM OPERATION

YOUR CHOICE: You are asked to select how you want to pull up the report. The selections are:

- (1) REPORT BY RECORD NUMBER
- (2) REPORT BY PART NUMBER
- (3) REPORT BY TAG NUMBER
- (4) RETURN TO MAIN MENU

After you have selected the number you wish to use press <ENTER>. The cursor will move to the field {FROM:}.

FROM: Type the beginning date for the report.

TO: Type the ending date of your report.
