Enter/Edit Ship Via Codes

PROGRAM NAME: POSHPVIA
MENU OPTION TITLE: Enter/Edit Ship Via Codes
MAIN MODULE: PURCHASE ORDER MAINT/SETUP
HELP KEY ACTIVE: YES

PROGRAM OVERVIEW

Use this program to set up the purchase order ship via codes. The ship via code is used to tell the system how the vendor is shipping goods. Note in order for some reports to work you will need to set up a ship via code of <CO> for items that are shipped on C.O.D. terms.

PROGRAM OPERATION

SHIP VIA CODE: Enter a two-character code to represent the shipping method.

DESCRIPTION: Enter a description of the shipping method in this field.

IS THIS CORRECT?
