Print Old Manifest by CUSTID

PROGRAM NAME: SACUSTMR.RPT
MENU OPTION TITLE: Print Old Manifest by CUSTID
MAIN MODULE: MANIFEST HISTORY
HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program will show a listing of all UPS charges of orders shipped to customers, based on CUSTID. Use this program to print a copy of an old manifest, listed by customer number that has been sent to the history file already. If you run multi-company manifests, you can select by company number (<0101> for example) or consolidated (return past field leaving it blank) for all companies, as well.

PROGRAM OPERATION

Enter the Manifest # for the report: Type the number of the manifest you want to print.

Enter the Company # for the report: Type the 4 digit company identifier number, or return past for consolidated, press <ENTER>, and the company name will display directly below the number. If you enter past this field, no company name will display.
