Review Orders In History Mnfst

PROGRAM NAME: SAHENTMN
MENU OPTION TITLE: Review Orders In History Mnfst
MAIN MODULE: MANIFEST HISTORY
HELP KEY ACTIVE: YES

PROGRAM OVERVIEW

This program is used to review orders that were placed on a manifest already sent to history. All detail from the manifest will be displayed here, just like it is when actually entering the order into the manifest.

<F1>, when pressed, will display any active function keys. Pressing <F1> a second time will display the operation text of this program.

PROGRAM OPERATION

CALL TAG: (Y/N): If a call tag was used, type <Y> and the cursor will jump to the field {CALL TAG #} and enter in a valid call tag.

ORDER #: < >: Use either the <PageUp> or <PageDown> keys to bring a valid order number into this field or type in a valid order number.

MANIFEST #: < >:

Press RETURN to continue
