

## Print Out Spooled Packing Lists

**PROGRAM NAME:** SPOOLOUT

**MENU OPTION TITLE:** Print Out Spooled Pack. List

**MAIN MODULE:** DIST ORDER PRINTING

**HELP KEY ACTIVE:** NO

### PROGRAM OVERVIEW

When you're processing an order through Order Entry, if you answer NO to the question concerning your own printer, the order is stored in a file. This program will allow you to print that order at a later time.

### PROGRAM OPERATION

If there is nothing in the spool to print orders, it will say "**THERE ARE NO SPOOLED ORDERS TO PRINT**", press <ENTER> to exit. If spool orders do exist then the system will prompt you:

**PRESS RETURN TO BEGIN OR <ESC> TO QUIT:**

**PRESS A KEY WHEN YOU HAVE A PRINTER ASSIGNED AND ORDER FORMS LOADED AND READY TO GO. TO ABORT TYPE A <Q>:**

**DID IT LINE UP OK?** Once you answer <Y>, the system will reprint any orders in SPOOLIT.DAT.

**DID THE ORDERS PRINT OK <Y/N>?** <Y> will bring you back to your menu and <N> will ask you:

**DO YOU WANT TO PRINT ALL AGAIN <Y/N>?**
