Orders Shipped Per Rep by Part#

PROGRAM NAME: TMCOMIS2
MENU OPTION TITLE: Orders Shipped Per Rep by Part#
MAIN MODULE: TELEMARKETING
HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program generates a report that will display by Rep Code orders SHIPPED on all parts sales. You can select by one or more sales reps and specify a date range. The report can be printed as a <S>ummary or in <D>etail. The <S>ummary shows the name of the rep, part number and description, quantity, and sales dollars. The <D>etail shows all <S>ummary information and order number and order date. Both reports will give dollar totals per rep as well.

PROGRAM OPERATION

Please enter the rep codes you want to report (F10 when done): Enter one or more rep codes to run the report for and press <F10> when done.

Do you want a <S>ummary or a <D>etailed report: Type <S> or <D>.

Enter report starting date: Type the date to define the beginning date of the report.

Enter report ending date: Type the date to define the end date of the report.
