

View Inventory FIFO Buckets

PROGRAM NAME: WOINVAVW

MENU OPTION TITLE: View Inventory FIFO Buckets

MAIN MODULE: PARTS MAINTENANCE

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program gives you the purchasing history of any item in your inventory database.

PROGRAM OPERATION

PARTNM: Type a valid part number. If you do not type in a valid part number, you can go no further. After you have typed in a valid part number press <ENTER> and the cursor will advance to the RAW/FIN field.

RAW/FIN: You can see both the RAW (Raw) quantity and the FIN (Finished) quantity history by pressing <R>aw and <F>inished. The list will display the oldest bucket first in either category.
