Pieces Per Hour Report

PROGRAM NAME: WOPCSHR
MENU OPTION TITLE: Pieces Per Hour Report
MAIN MODULE: W.O. TIME TRACKING
HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This report is a collection of updated time from the IBS automated time input system. It will report by operation or by employee and will include actual time and quantity comparisons against the standard times and quantities. The standard time and quantity data comes from the part master routing that has been set up for standard cost and time estimates compared to actual cost and time data. The report by employee also includes the calculated labor utilization ratio as well.
