Delete External List Records

PROGRAM NAME: YPDELETE
MENU OPTION TITLE: Delete External List Records
MAIN MODULE: EXTERNAL MAILING LIST
HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

You can selectively delete customers from the external list by a range you define. This will allow you to possibly clear out all the matched names and maintain this list strictly for new customers that you are trying to bring into the system, but for some reason you do not yet want to enter them into the main customer master file.

PROGRAM OPERATION

ENTER STATE, RETURN FOR ALL:

ENTER BEGINNING ZIP CODE:/ENTER ENDING ZIP CODE: If you do not select a state, then choose a specific zip code or a range of zip codes.

REMOVE (M)ATCHED, (N)ON-MATCHED, OR (A)LL?: <A>

REMOVE (S)TOCKING, (N)ON-STOCKING, OR (A)LL?: <A>
