Edit External List Records

PROGRAM NAME: YPEDIT13
MENU OPTION TITLE: Edit External List Records
MAIN MODULE: EXTERNAL MAILING LIST
HELP KEY ACTIVE: YES

PROGRAM OVERVIEW

This program allows you to edit an external list customer's data.

PROGRAM OPERATION

ENTER ZIP CODE TO VIEW: When you enter a zip code that has external customers, they will display on screen. You can use the up and down arrow keys to scroll through the customers. Press enter to bring up the actual record to edit. You must return all the way through the second screen in order to save your changes or hit <F10> to jump to the bottom.
