

External Listing By ZIP CODE

PROGRAM NAME: YPLIST1

MENU OPTION TITLE: External Listing By Zipcode

MAIN MODULE: EXTERNAL MAILING LIST

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program allows you to print ALL the customers from your external mailing list. The report breaks after each zip code and lists the business name, phone number, contact, address, city, state, zip code, stocking flag, and the match flag. You can print the identical same report for your actual live customer database by running {YPLIST2}. This gives you the ability to do a comparison on paper, prior to the automated matching process that will be done by running {YPMATCH59}.
